CHILD DEVELOPMENT CENTERS TO PARTICIPATE IN WEEK OF GIVING

Child Development Centers, Inc. (CDC) will take part next week in Bridge Builders Community Foundation's second annual Week of Giving.

This five-day campaign the week of March 19 will give people in the community an opportunity to support local non-profit organizations like CDC via online giving.

CDC is a non-profit child care and early childhood education organization that serves more than 1,000 infants, toddlers, preschoolers and elementary school-age children at 12 locations in Venango and Crawford Counties.

Any contribution through the Week of Giving can help support CDC's mission of "Educating Children To Succeed." A $20 gift, for example, will provide tooth brushing supplies for four children for an entire year, and a $50 donation will cover a school-age child's weekly swim fees and field trip costs for an entire summer.

On the first day of the Week of Giving, to help kick off the campaign, CDC will do a live Facebook video with Bridge Builders from one of its centers. Other video content will be featured throughout the week on CDC's social media platforms to showcase the organization's services.

For more information on CDC's involvement in the Week of Giving, visit cdcenters.org/the-week-of-giving.
